Annual Security Report & Annual Fire Safety Report

ANN ARBOR 2017-2018
September 2017

Dear Campus Community Member:

Thank you for taking the time to read this publication. It is packed with helpful information about safety and security on our campus.

This report is part of our on-going effort to inform you of the safety programs and services available to the university community, the crimes that are reported to our police and security personnel, and the steps you can take to maintain a safe and secure campus. It also is provided as our compliance document as called for under the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act as well as the Annual Fire Safety Report as required by the Higher Education Opportunity Act.

We take the commission of crimes against our students, faculty, staff and visitors very seriously, and aggressively investigate reported crimes. We also collaborate with other law enforcement agencies and campus groups to reduce crime on campus.

Additionally, we provide many other programs that continue to enhance the security and safety of our campus community. This past summer, we released a new educational video on Active Attacker Response and Prevention. The video, filmed on campus with university personnel and students, informs viewers of how to respond during an active attacker situation and the warning signs often displayed by people in advance.

Prevention, however, is the best cure for crime. We must ensure that our persons and property are secure and protected by a responsible, vigilant and caring population of involved people who report suspicious and unlawful behavior immediately to the University Division of Public Safety and Security. We welcome your assistance in contributing to a safe campus by getting involved and securing your property. Together we can help make campus a safe place for everyone.

Sincerely,

Eddie L. Washington, Jr.

This Annual Security Report (ASR), which is compiled and published by the U-M Division of Public Safety and Security (DPSS), is a safety, security and emergency resource for University of Michigan students, staff, faculty, visitors and prospective students and employees. It provides useful information and references for issues relating to campus safety. It is organized into the following major sections:

- the **Quick Reference** section lists emergency services and provides contact information for safety, security, and medical; counseling; health, mental health, substance abuse; and U-M resources;
- the **Crime Statistics** section lists statistics of crimes reported on and near campus in the past three years;
- the **Annual Fire Safety Report** includes fire statistics for on-campus student housing facilities, a description of fire safety systems in each housing facility and additional fire safety information;
- the **Campus Safety** section details safety on campus, offers risk reduction techniques, and describes services available on- and off-campus;
- the **University Policies and State Laws** section provides details of university and state of Michigan rules, regulations and laws regarding safety issues such as sexual assault, harassment, stalking, alcohol, drugs, fire setting, false alarms, weapons possession, access control and sex offender registry;
- the **Safety and Health-Related Resources, Counseling and Support Services, and University Programs** section describes police agencies, on-campus support services, off-campus support services, and university programs that address issues of safety, health, mental health, discrimination, and conflict resolution.

**Compiling the ASR/AFSR**

The U-M Division of Public Safety and Security prepares this report to comply with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act. The full text of this report can be located on the U-M DPSS website at http://dpss.umich.edu/docs/clery.pdf. This report, which is compiled by the University’s Clery Compliance Coordinator in DPSS, is prepared in cooperation with the Ann Arbor Police Department and other law enforcement agencies surrounding the Ann Arbor campus and outlying areas as well as those with police jurisdiction for other U-M properties in cities such as Detroit.

Additionally, each of the resources listed in the report contribute to its compilation, especially key stakeholders such as the Office for Institutional Equity (the U-M’s Title IX office) and units in the Division of Student Life.

The report also includes the Annual Fire Safety Report (AFSR) with statistics and fire safety information provided for University Housing facilities as required by the Higher Education Opportunity Act.

Each year, an e-mail notification is made to all enrolled students, faculty and staff that provides the website address to access this report. Copies of this report also may be obtained at the U-M DPSS office at 109 E. Madison St., the U-M Police Department at 1239 Kipke Dr., or by calling (734) 763-8391. All prospective students and employees are informed in application packets of the report’s existence and the website address where it can be found.

The complete ASR/AFSR and the official crime statistics section (complete with status updates after Aug. 1, 2017) can be viewed at www.dpss.umich.edu.

**The University of Michigan community is made up of tens of thousands of people – students, faculty, staff, contractors, patients, and visitors. Moreover, its property in the City of Ann Arbor covers more than 2,000 acres and includes more than 500 buildings. By the very nature of its size and composition, the University of Michigan community and environs are susceptible to crime.**

**Safety ultimately is the responsibility of the individual and his or her cooperation is essential to improve security for everyone.**

All students, faculty, and staff are encouraged to promptly and accurately report all suspicious activity to the U-M Division of Public Safety and Security and/or other appropriate authority.
CRIME STATISTICS

Campus crime, arrest and referral statistics include those incidents reported to U-M DPSS, other law enforcement agencies and designated campus officials considered to be “Campus Security Authorities” (CSAs). These incident reports also are reviewed by the U-M DPSS Clery Compliance coordinator and DPSS commanders for consideration of timely warning publications. CSAs include but are not limited to University Housing staff; Division of Student Life staff; Athletics coaches; Office of Student Conflict Resolution; Office for Institutional Equity; University deans, and certain other officials in each school and college; student judicial affairs; senior human resource directors of Staff HR Services and Academic Human Resources and the Michigan Medicine Director of Labor Relations; advisors to recognized student organizations, and DPSS. Employees in these units who have primary responsibilities for dining, clerical and custodial services are excluded.

Campus “professional counselors” in Counseling and Psychological Services (CAPS) and Sexual Assault Prevention and Awareness Center (SAPAC) staff have state-provided confidential privilege and are not required to report crimes for inclusion into the Annual Security Report. However, as a matter of policy, they are encouraged to inform persons being counseled of the procedures to report crimes on a voluntary basis for inclusion into the annual crime statistics.

The crime classifications and geographical references in the statistics charts on pages 7, 8 and 9 are those required to be disclosed by the Clery Act. “On-campus property” includes all property in and around Ann Arbor that is owned or managed by the university. See pages 24-25 for a map. “Non-campus property” includes those U-M owned, managed or controlled-through-lease locations outside of Ann Arbor as well as those properties owned or managed by recognized student organizations, such as fraternities, sororities and cooperative houses. “Public property” includes the streets and sidewalks contiguous to the U-M on-campus property. The incidents listed as “reported to police” include reports to the U-M Police Department, the Ann Arbor Police Department, and other agencies which have jurisdiction for remote locations. “Reported to other CSAs” includes those crimes or disciplinary referrals for violations of crimes that were reported to U-M officials who are considered Campus Security Authorities other than police or security; these statistics are not duplicative of police reports.

The two charts on this page are provided as additional information regarding crime reports on campus. This information is not required by the Clery Act but is deemed helpful to our campus community. The larceny statistics are provided by the U-M Police Department. The chart of incidents reported to U-M’s Sexual Assault Prevention and Awareness Center (SAPAC) represent all incidents reported to SAPAC, directly or indirectly, during the year, including incidents on and off campus, including out of state, as well as incidents that occurred during the reporting year or in previous years. Perpetrators could be strangers, friends, family members or acquaintances.

FIRE SAFETY IN ON-CAMPUS HOUSING

Keeping our campus safe and healthy is a priority for everyone. Planning ahead and taking precautions can be important elements in maintaining a safe environment. This especially is true regarding fire prevention – from installing appropriate infrastructure to taking personal responsibility to prevent accidental or intentional fires – everyone can participate. In on-campus residential environments with hundreds of people living in close proximity, each person must adhere to strong fire prevention practices and look out for their neighbors.

A minimum of one fire drill per academic year was conducted in each residence hall in 2016. Activating a false fire alarm is a violation of state law. See Fire Setting and False Alarms section on page 31. All fires should be reported to the U-M Division of Public Safety and Security.

CRIMINAL ACTIVITY

Reporting Crime On Campus

University community members, students, faculty, staff and guests are encouraged to report all crimes and public safety-related incidents to police or security in a timely manner. Bystanders or witnesses are encouraged to report when a victim is unable to report. Police are able to provide numerous resources to victims, investigate and solve crimes, assist in adjudication and help create personal safety plans. Sexual misconduct also may be reported to the Office for Institutional Equity.

To report a crime or an emergency, call 9-1-1. The call will be answered by the U-M Division of Public Safety and Security Communications Center (DPSS CC) if on campus, or for the Ann Arbor Police Department or other appropriate law enforcement agency off campus. Calls from on-campus Blue-Light Emergency telephones directly access U-M DPSS. Communications officers are available at these respective agencies 24 hours a day to answer your calls.

Additionally, you can send an emergency text message about any crime on campus to 377911 (DPS911). Be sure to indicate the type of crime, time and location of incident, and any information about potential suspects or weapons. For non-emergencies, call (734) 763-1131.

If assistance is required from the Ann Arbor Fire Department, Huron Valley Ambulance, the Ann Arbor Police or another law enforcement agency, U-M DPSS CC will contact the appropriate agency. If a sexual assault is reported, staff on the scene, including U-M DPSS, will inform the survivor of a wide variety of services. The Sexual Assault Prevention and Awareness Center (SAPAC) also will be contacted. SAPAC has trained staff who are available to assist a reportee 24 hours a day.

This publication contains information about on-campus and off campus resources for victims of crimes and emergencies. The information about “resources” is not provided to infer that those resources are “reporting entities” for the University of Michigan.

Confidential Reporting

Persons who are victims of a crime and do not want to pursue action within the university system or the criminal justice system still may want to consider making a confidential report. With permission, the UMPD Police Chief or his designee can file a report on the details of the incident without revealing a victim's identity. The purpose of a confidential report is to comply with the victim’s wish to keep the matter confidential, while taking steps to ensure the future safety of the victim and others. With such information, the university can keep accurate records of the number of incidents involving students, determine where there is a pattern of crime with regard to a particular location, method, or assailant, and alert the campus community to potential danger.

Campus Security Authorities

Certain university employees are considered Campus Security Authorities by the university and the U.S. Department of Education. These include staff in University Housing; Division of Student Life (except some medical providers in University Health Service); Athletics coaches; Office of Student Conflict Resolution; Office for Institutional Equity; University deans, and certain other officials in each school and college; student judicial affairs; senior human resource directors of Staff HR Services, Academic Human Resources and Michigan Medicine Director of Labor Relations; advisors to recognized student organizations; and the Division of Public Safety and Security. Reports of crimes disclosed to these employees will be reported to the University’s Clery Act Compliance coordinator in DPSS to be evaluated for issuance of a timely warning and included in the annual Clery Act crime statistics. Identifying information of the victims and/or survivors will not be published or disclosed.

Campus “professional counselors” such as Counseling and Psychological Services (CAPS) and Sexual Assault Prevention and Awareness Center (SAPAC) staff, have state-provided confidential privilege and are not required to report crimes for inclusion into the Annual Security Report. However, as a matter of policy, they are encouraged to inform persons being counseled of the procedures to report crimes on a voluntary basis for inclusion into the annual crime statistics.

Reporting Crime Off Campus

The Division of Student Life maintains contact with recognized fraternity and sorority organizations through the efforts of the Office of Greek Life. Criminal activity at recognized fraternity and sorority residences as well as other off-campus properties should be reported to the Ann Arbor Police Department. The close working relationship between U-M DPSS and the Ann Arbor Police allows staff to record and publish criminal activity near the campus and at non-campus locations housing recognized student organizations.

Emergency Blue Light Phones

When the telephone receiver is removed from the cradle or the button is pushed, a U-M DPSS Communications Officer is automatically alerted and an officer is sent to the location of the telephone. No dialing or conversation is required. If possible, however, try to describe the emergency to the communications officer. See pages 24-25 for maps indicating emergency phone locations.
University and Police Response to Sexual Assault, Domestic Violence, Dating Violence and Stalking

The University of Michigan is committed to providing a safe learning, working, and living environment, and does not tolerate violence of any type, including the crimes of sexual assault, intimate partner violence, and stalking.

You May Report to the University, to Law Enforcement, to Both, or Neither.

We encourage survivors to report what you have experienced to law enforcement and to participate in the university’s internal review process, but you are not obliged to do so. Resources, support, and protective measures are available to you even if you decide not to participate in university or law enforcement processes. You will be provided with a rights and resources brochure titled “Our Community Matters” or provided with a website address for the document. In some cases, if you make an initial report but then decide not to participate further, the university may still need to review and investigate the information provided, and also may be obligated to share the report with law enforcement for possible handling through the criminal justice system. Even in such cases, though, you do not have to participate in the university or law enforcement processes if you do not wish to do so.

Options for Reporting

Reporting to Law Enforcement

- The university encourages anyone who believes they have experienced intimate partner violence, sexual assault, or stalking to make a report to law enforcement.
- If the incident occurred on campus, contact U-M Division of Public Safety and Security (U-M DPSS), which comprises the U-M Police Department, Housing Security, and Michigan Medicine Security.
- If the incident occurred in Ann Arbor, contact the Ann Arbor Police Department.
- If you are uncertain where the incident occurred or which agency to contact, U-M DPSS is available to help you determine which agency has jurisdiction and will help you to report the matter to that agency if you wish.
- In addition, the university has staff who will, upon request, assist you in making a report to law enforcement. For assaults occurring in the residence halls or at Michigan Medicine, Housing Security 911 or (734) 763-1131 or Michigan Medicine Security 911 or (734) 936-7890, respectively, can assist in taking a report. Staff from SAPAC (734) 936-3333, the Dean of Students Office (734) 764-7420, the Office for Institutional Equity (734) 763-0235, and the Office of the Student Ombuds (734) 763-3545 also will help individuals report a matter to law enforcement.

Reporting to the University

Sexual Assault

The university also provides many avenues for reporting of sexual assault. In all cases, the most direct reporting mechanism is to contact the Office for Institutional Equity: (734) 763-0235.

For concerns relating to a student respondent, another avenue is to file a student sexual misconduct complaint with the Office for Institutional Equity online: studentsexualmisconductpolicy.umich.edu/report-an-incident

Another option in any case of sexual assault is to file a complaint via telephone or on-line with the Compliance Office through the Compliance Hotline: compliancehotline.umich.edu (866) 990-0111.

Domestic/Dating Violence or Stalking

For concerns relating to domestic/dating violence or stalking, the appropriate avenue for reporting depends on who the respondent is.

- For concerns involving students, contact the Office of Student Conflict Resolution: (734) 936-6308
- For concerns involving campus staff, contact Staff Human Resources: (734) 763-2387
- For concerns involving Michigan Medicine staff, contact Michigan Medicine Human Resources: (734) 647-5538
- For concerns involving faculty, contact Academic Human Resources: (734) 763-8938

University Review of Reports

Whenever the university receives a report of sexual assault, intimate partner violence, or stalking, it will review that report consistent with its applicable policies and procedures. The table on page 14 notes various university policies that may apply to these types of reports.

In all cases, the university’s policies and procedures seek to provide a prompt, fair, and impartial resolution of the concern reported. To that end, the individuals responsible for handling sexual violence, intimate partner violence and stalking investigations, sanctioning, and appeals receive annual training on how to properly conduct their investigations of these concerns in a way that promotes accountability as well as the safety of the individuals involved, and of the university community as a whole.

The university investigation processes for reviewing sexual violence, intimate partner violence and stalking* use a preponderance of the evidence standard. In addition, these processes permit the claimant, respondent, or witness to have an adviser of their choice to provide support and guidance throughout the process. The adviser may assist with all written submissions made by a claimant or a respondent and attend any meeting throughout the process. During any meeting, the adviser is present to observe and provide support and counsel to the participant. The adviser may not testify or obstruct the meeting.

The university’s processes also provide that the claimant and respondent will receive written notification of the outcome of any disciplinary proceeding relating to the reported concern, as well as of any opportunities to appeal the results of that proceeding, any changes to the results before they are finalized, and an update when the results become final.

The university also recognizes the importance of maintaining, to the greatest extent possible, the confidentiality of both the claimant and respondent’s identities while it reviews the reported concern. To that end, the university will share information internally only as needed to ensure proper handling of the concerns that have been raised, comply with legal obligations, or provide any requested supportive measures, and will share information externally only to the extent legally required to do so; the university does not publish the identities of complainants in its crime alerts or crime logs.

*Stalking behavior generally addressed under this Policy typically includes one or more of the following elements: is sexual or romantic in nature; is committed by a claimant’s current or former partner of an intimate, romantic or sexual relationship; or is related to the claimant exhibiting what is perceived as a stereotypical characteristic for one’s sex, or for failing to conform to stereotypical notions of masculinity and femininity, regardless of the actual or perceived sex, gender, sexual orientation, gender identity, or gender expression of the claimant. The Title IX Coordinator, in consultation with OSCR will determine if the reported conduct meet these criteria. Stalking behavior not addressed under this Policy may be addressed under the Statement of Student Rights and Responsibilities as harassment using a clear and convincing evidence standard.
Preserving Evidence

Sexual Assault
All victims of sexual assault have a right, under Michigan law, to have a forensic medical examination and evidence kit collected up to 120 hours (5 days) after the assault in order to preserve any evidence of the assault. The forensic exam will be administered by a registered nurse who has received advanced training to provide care and treatment to sexual assault victims.

Even if you are not sure that you want to file a police report, it can be helpful to have any available evidence collected in case you decide to file a report with law enforcement at a later date. The nurse also can provide emergency contraception, treatment for sexually transmitted infections (STIs), and other needed medical care. Sexual assault forensic exams will not be billed to medical insurance without your consent.

You can obtain a forensic exam and evidence kit at any of these facilities:

University Hospital
Emergency Department
(734) 936-6666

St. Joseph Mercy Hospital
Emergency Department
(734) 572-3000

University Health Services (UHS)
(734) 764-8320

If you seek evidence collection through any of these facilities, the police will be contacted; however, it is up to you whether to share any information with law enforcement. If you choose not to file a police report at the time the kit is completed, the medical facility where the evidence was collected will retain it for at least one year.

An advocate from the Sexual Assault Prevention and Awareness Center will be available at the medical facility to provide information and support for University of Michigan students, staff, or faculty. An advocate from SafeHouse will be available for anyone, whether or not a member of the U-M community, who requests one. You do not have to speak with an advocate.

Intimate Partner Violence
Not all experiences of domestic or dating violence cause visible injuries. If visible injuries are present, it can be helpful to document them with photographs, if it is safe to do so. It is also important to seek medical attention if possible and safe to do so.

Stalking
If you have experienced stalking, it can be helpful to an investigation to retain any evidence of that behavior, including documentation of any unwanted communication (whether written, oral, electronic), postings (such as on social media), gifts, etc.

These measures are available regardless of whether the person who requests them files a complaint with the university or through the criminal justice system.

Supportive Measures
Supportive measures are typically implemented for claimants and are designed to address a claimant’s safety, well-being, and continued access to educational opportunities. Supportive measures are available regardless of whether the person who requests a measure makes a report to the university or law enforcement, whether the person participates in any investigation, or whether the university or law enforcement investigates a report that has been submitted. The university may also implement supportive measures for respondents, witnesses, and other members of the university community. Supportive measures are voluntary and may be modified or discontinued at any time at the request of the individual.

Court-Ordered Personal Protection Orders
The university has staff who can provide assistance in seeking court-ordered personal protection orders. Please contact either SAPAC (734) 936-3333 or U-M DPSS 911 or (734) 763-1131 for assistance. SAPAC and U-M DPSS can also assist with safety planning.

If you obtain a court-ordered personal protection order, please let U-M DPSS know and provide them with a copy. The university will uphold such lawfully issued orders and enforce them through U-M DPSS.

Other Supportive Measures
A wide variety of other protective measures are available, including:
- Academic accommodations, such as rescheduling exams, adjusting class schedules to avoid contact with the respondent, etc.
- Change in living arrangements, such as changing floors or residence halls
- Change in work situation, such as relocation to provide a more private or secure location, additional security measures, etc.
- No contact instructions (to instruct the respondent to stop all attempts at communication or other interaction)
- Change in transportation arrangements, such as parking in a different location
- An escort to ensure safe movement between classes and activities
- Assistance in reporting to on- or off-campus law enforcement or in initiating university disciplinary proceedings

The following offices can help arrange supportive measures:
- U-M DPSS—Division of Public Safety and Security (for all individuals); Dean of Students (for students) (734) 764-7420; Office for Institutional Equity (for students, faculty and staff); SAPAC (for students, faculty and staff).

In addition, faculty and staff who are experiencing intimate partner violence may also speak with SAPAC, their direct supervisors and U-M DPSS to create a safety plan, or contact Human Resources.

Legal Assistance
- Student Legal Services
- Legal Services of South Central Michigan (LSSCM)

Family Law Project (FLP) (734) 998-9454 is a partnership between the University of Michigan Law School and LSSCM that provides legal assistance on intimate partner violence-related matters to low-income residents of Washtenaw County. You must be referred through SafeHouse Center to receive services from FLP.

Visa & Immigration Assistance
Students, faculty, and staff sometimes have questions about how various actions (e.g., a reduction in course load, change in work circumstances) may impact their visa or immigration status.

People who have been victims of certain crimes may qualify for immigration relief such as a U-Visa or be eligible to file an immigration visa petition under the VAWA provisions of the Immigration and Nationality Act.

Private and confidential information about visa and immigration status is available from the International Center (IC) for both the primary status holder as well as any individuals in a dependent immigration status, such as H-4, J-2, or F-2, who are sponsored by the University of Michigan.

You should feel free to involve an advocate, such as SAPAC (734) 936-3333, when contacting the IC, to ensure the IC has all of the information necessary to provide an accurate response. The IC may have to refer you to external immigration counsel for certain questions.
Student Financial Aid
Students may have concerns about financial aid matters, such as how their financial aid might be affected by a reduction in course load.

Information about financial aid matters is available from the Office of Financial Aid, or from the individual university unit that administers the particular scholarship or other form of financial assistance.

Since there can be extenuating circumstances in these matters, students are encouraged to involve an advocate, such as SAPAC (734) 936-3333 when contacting one of these offices, to ensure that the office has all of the information necessary to provide an accurate response.

EMERGENCY NOTIFICATION AND RESPONSE

UM Emergency Alert System

UM Emergency Alert is a mass, urgent notification system, comprised of a variety of methods by which the University, without undue delay, will notify students, faculty and staff of an active, major campus emergency, including:

- Text message (SMS) to registered cell phones
- Voice message to registered telephones
- Push notification to Michigan app and DPSS app
- Emails
- Website (www.umich.edu and www.dpss.umich.edu)
- Twitter (@umichdpss)
- Some campus digital signs

When the U-M DPSS commanders confirm there is a significant active emergency or dangerous situation impacting the public safety of the campus, an urgent notification will be sent without undue delay by the DPSS Communications Center through the UM Emergency Alert system. Initial confirmation by DPSS may occur by observation of a police or security officer, multiple witness telephone calls, alarms activating in the DPSS Communications Center or a confirmed report from another emergency responding agency (such as the National Weather Service, the fire department, ambulance, hazardous materials response team, FBI, County Public Health, etc.).

Examples of activations may include:

- An active violence incident, such as an active attacker
- A tornado warning for the county
- A major hazardous material spill
- An emergency reduction in operations.

Localized incidents within a building (such as a small fire, hazardous material spill in a lab or non-confirmed bomb threat) probably will not require a mass notification.

The emergency message content will contain pre-scripted brief messages or tailored content developed in consultation with the U-M DPSS Commander. The message will be sent by the DPSS Communications Center or division personnel. This information will be shared to help the public take action for their safety, unless, in the professional judgment of DPSS commanders, issuing a notification will compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency. Follow-up information, including an “all-clear” message, will be disseminated as appropriate, except for an expired weather warning.

As a large multi-campus system, we require more than a single mode of notification in an emergency. UM Emergency Alert adds to the array of communication methods used during campus emergencies, such as building alarms and public address announcements. However, the UM Emergency Alerts are issued campus-wide, not to smaller segments of the community.

In order to receive urgent notification alert messages, faculty, staff and students may register (via Wolverine Access) telephone or cell phone numbers and a device to receive text messages. The university automatically will register all faculty, staff and student umich email addresses. Additionally, messages can be received by downloading the Michigan app or DPSS app.

Timely Warnings

When a crime is reported to law enforcement or a Campus Security Authority, either on or off campus, that in the judgement of the commanders of U-M DPSS constitutes an ongoing or continuing threat to the university community, a campus-wide “Crime Alert” will be issued to serve as a timely warning and to aid in the prevention of similar crimes. The UMPD Chief or designee and Public Information Officer will develop the content of the warning. Victim’s names will never be disclosed in the alerts or to media. Crime alerts likely will not be issued when the release of such information would compromise an investigation or when the report is made after considerable delay, such as seven or more days.

A copy of the crime alert will be posted on the DPSS website (www.dpss.umich.edu) and emailed to all students, faculty and staff. Fliers will be available online to schools, colleges and departments at the university for posting. Anyone with information warranting a timely warning should report the circumstances to DPSS by telephone (734) 763-1131 or in person at the Campus Safety Services Building at 1239 Kipke Dr., east of Crisler Center.

Other Communication Methods

In addition to the UM Emergency Alert system and crime alerts, DPSS may employ a variety of communication methods to inform building occupants or a larger portion of campus about imminent safety threats. Communication methods will be employed based on a number of factors that will be evaluated for each incident, such as the nature and extent of the threat, the technology available in that building or area, the time of day, etc. Other communication methods may include use of the city’s outdoor warning sirens, public address systems, fire alarm systems, digital signage, handheld or vehicle-mounted bullhorns, portable radios, mass media, door-to-door notification and social media. Usually a summary of an incident will be posted on the DPSS website as well (www.dpss.umich.edu).

Emergency Operations Plan

Emergency procedures, including evacuation and shelter-in-place instructions, are posted on the DPSS Emergency Management website at www.dpss.umich.edu/emergency-management/. Emergency procedure posters with basic instructions are posted in classrooms, employee lounges, hallways and other high traffic areas around campus. Building-specific evacuation maps are posted in strategic locations in occupied campus buildings.

Students, faculty and staff with questions about emergency procedures in their building should check with their facility manager or contact DPSS Emergency Management at (734) 763-8391.

Emergency preparedness plans are exercised at minimum each year. These exercises could be announced or unannounced drills or tabletop, functional or full-scale exercises. The following drills and exercises were conducted in 2016.

- ROTC/Chemistry Building Active Shooter Tabletop - January
- Plant Operations Unit Coordination Center Drill – March
- Business & Finance Tabletop – April
- BSL3 Labs Functional Exercise – June
- UMHS Cyber Attack Tabletop – June
- Kelsey Museum Incident Response Tabletop – August
- UMHS Active Shooter Tabletop – September
- Executive Leadership Tabletop – October
- LSA Unit Coordination Center Drill – November
- ITS Infrastructure Failure Tabletop – December
- Student Life Tabletop – December
Missing Student Notification protocol

During student move-in, on-campus residents are required to fill out their emergency information cards. These cards also provide residents with the ability to provide a confidential contact (a person to be called if they are believed to be missing). The information on the card also informs the residents that if they are under the age of 18 and are missing, police will contact their parent or legal guardian, unless they are deemed an emancipated minor. The information is maintained at the building level and available to professional Housing staff and police, for purposes of pursuing a missing persons investigation.

If someone has concern that a student resident is missing, this concern should be reported to a University Housing professional staff member. Housing Security in collaboration with Residence Education and other Housing partners will conduct a preliminary investigation in order to verify the situation, and will obtain information around circumstances that relate to the student in question. If preliminary investigations are unsuccessful in locating the student and/or show cause for concern, Housing Security immediately will engage the U-M Police Department for assistance and formal reporting. UMPD will make notification to the confidential contact designated by the student, if the student is deemed missing through investigative efforts. That contact will be made within 24 hours of that determination.

HATE CRIME

A hate crime, generally, refers to a crime committed not out of animosity toward a victim as an individual, but out of hostility toward the group to which the victim belongs. Hate crime is the violence of intolerance and bigotry, intended to hurt and intimidate someone because of their race, ethnicity, national origin, religion, sexual orientation, gender identity, or disability.

Reporting Bias Incidents

The University of Michigan is committed to the success of all our students, staff and faculty. By working to create an environment that values and celebrates our diverse community and fosters respect for every individual, you can help ensure that all persons can perform up to their full potential.

If you witness or experience conduct that discriminates, stereotypes, excludes, harasses or harms anyone in our community based on their identity (such as race, color, ethnicity, national origin, sex, gender identity or expression, sexual orientation, disability, age or religion) please report it to the university by calling (734) 615-BIAS (2427) or online at www.urespect.umich.edu.

If you believe you have experienced a hate crime, you may report it directly to the U-M DPSS (on campus) at (734) 763-1131 or the Ann Arbor Police (off campus) at (734) 994-2911.

If you are not sure you have experienced a hate crime and would like to discuss the incident, please call (734) 615-BIAS (2427).

INDECENT EXPOSURE

Indecent exposure is a form of sexual exploitation and is a serious offense. Often the assailant is someone who perpetrates repeatedly in the same location.

RISK REDUCTION TECHNIQUES

Indecent Exposure

- If you witness this type of behavior, yell loudly to alert others around you and run away if you are fearful of attack.
- Call 9-1-1 for police assistance, or use an emergency blue light phone.
- Call SAPAC (734) 936-3333 for support and assistance.

MEDICAL EMERGENCIES

Call 9-1-1 for emergency response. Emergency health care providers on campus include the following:

Providers

University Hospital Emergency Department
1500 East Medical Center Drive
(734) 936-6666
www.med.umich.edu/em/
Michigan Medicine ER provides emergency care 24 hours/day, 7 days/week. It is a nationally recognized trauma center, equipped to deal with all urgent and emergency problems for persons of all ages.

U-M Psychiatric Emergency Service
1500 East Medical Center Drive
(734) 996-4747
www.med.umich.edu/psych
U-M Psychiatric ER provides psychiatric emergency care 24 hours/day, 7 days/week, including emergency walk-in consultation and phone service for persons of all ages.

University Health Service (UHS)
207 Fletcher Street
Ann Arbor, MI 48109-1050
(734) 764-8320 Information, appointments and advice
uhs.umich.edu
UHS is a comprehensive health and wellness resource, located in one building on central campus. Appointments are required for most medical services. UHS can handle minor emergencies but is not equipped to handle major medical emergencies. Call for nurse advice, day or night, which may prevent a trip to UHS or the ER.

For more information on UHS, see page 38.

Handling Alcohol Emergencies

Alcohol or other drug overdoses can result in bizarre behavior, unconsciousness and death. Know the signs of an alcohol emergency and know what to do.

What you need to do:

Don’t assume a person will sleep it off! People may pass out before all the alcohol or other drugs reach the brain. The heart and lungs can slow to the point of stopping. Do not use cold water or caffeine to attempt to wake the person up. Do not force food or exercise on him/her.
Stay with the person. Turn and keep the person on his/her side to prevent choking on vomit.

Call 911 immediately if the person:

- Is unconscious or semi-conscious (does not respond when you shake, shout at, pinch or prod him/her)
- Has skin that is pale, bluish (especially around the lips and fingernails), cold or clammy
- Has slow, irregular or shallow breathing (8 or fewer breaths/minute)
- Used alcohol with other drugs (especially depressants like Oxycontin or Xanax)
- When in doubt, call 911.

Medical Amnesty

Medical amnesty helps ensure that minors at medical risk as a result of alcohol intoxication will receive prompt and appropriate medical attention. It removes perceived barriers to seeking help.

Michigan law continues to prohibit a minor from purchasing, consuming, or possessing, or attempting to purchase, consume, or possess, alcoholic liquor and from having any bodily alcohol content.

A minor (under the age of 21) will be exempt from prosecution as follows:

- A minor who, after consuming alcohol, voluntarily presented himself or herself to a health facility or agency for treatment or observation, including medical examination and treatment for any condition as a result of sexual assault (as defined in Michigan law).
- Any minor who accompanied another minor who, after consuming alcohol, voluntarily presented himself or herself to a health facility or agency for treatment or observation, including medical examination and treatment for any condition as a result of sexual assault (as defined in Michigan law).
- Any minor who initiated contact with law enforcement or emergency medical services personnel for the purpose of obtaining medical assistance in connection with a legitimate health care concern.

For more information on alcohol and other drugs, visit www.uhs.umich.edu/aod

Handling Hazardous Material Emergencies

Chemical, Radioactive, and Biohazard Materials

The most important thing you can do to help in a hazardous material emergency is be prepared. As part of your routine operation, you should know the hazards associated with the materials that you work with and what immediate steps to take if you or a co-worker are exposed. You also should know the locations of fire extinguishers, first aid kits, emergency eye wash stations and showers.

The most important thing to do in an emergency is call 9-1-1 as soon as possible and provide the communications officer with as much information as you can.

- Exact location of the incident and its surroundings (i.e., storm drains).
- Name of the material spilled and the amount.
- Report any injuries.
- Report any noticeable release into the environment.
- Provide a safe location where you can meet with emergency crews.

For small spills in your work area, perform cleanup if:

- You have received appropriate training for the materials involved.
- You have access to the necessary personal protective equipment.
- You have access to the necessary equipment to clean up the materials.

If you have been contaminated, remain at your location if it is safe to do so. Minimize your movement to avoid spreading contamination.

For additional information consult U-M’s Hazardous Materials Management group in Environment, Health and Safety at (734) 763-4568. By being prepared and knowing what actions to take in an emergency, you can make your work area a safer place!

PROPERTY SAFETY

Laptop Computer & Bicycle Registration

Laptops, other portable electronic devices, and bicycles are easy targets for theft. In addition to the cost of replacement, they often have personal information and intellectual property that can be difficult or impossible to recover and protect. The University of Michigan Division of Public Safety and Security offers a free Laptop, Personal Electronic, and Bicycle Registration Program to members of the campus community to deter theft and avoid the consequences or assist in the recovery of stolen property.

Once you register your information, you’ll receive two stickers to place on your property. These stickers will help serve as a theft deterrent. Additionally, if your property is found or recovered, the registration record will help police return your property to you. The program is intended for the University community. Visit the U-M DPSS website (www.dpss.umich.edu) for more details.

WORKPLACE VIOLENCE AND THREATS

The University is committed to maintaining an environment that is safe and free from violence and will not tolerate violent and threatening behavior. All University community members share this responsibility and are expected to maintain a safe and secure climate through behavior that does not involve acts of violence, threats or aggression as outlined in the U-M Standard Practice Guide (spg.umich.edu/policy/601.18).

Acts of violence and aggression include verbal or physical actions that create fear or apprehension of bodily harm or threaten the safety of a supervisor, co-worker, faculty member, student, patient, member of the general public or the University community at large. Examples of such behavior include on or off duty or off premises acts that adversely affect the University:

- Any act which is physically assaulting
- Behavior or actions that would be interpreted by a reasonable person as carrying a potential for violence and/or acts of aggression
- Any act that threatens harm to another person or damage to property
- Domestic violence
- Stalking (including electronic stalking)

Acts of violence cannot be predicted with absolute certainty, although we can minimize the risk to everyone when behaviors that are observed are reported to appropriate authorities. Often threats or acts of aggression escalate to a level of violence when there is poor communication with a person and that person cannot cope under the stress of confrontation.

When interacting with a potentially aggressive or violent person, be aware of your reactions, report all behaviors to others, and follow these suggested guidelines:

- Remain calm, speak in a low voice... don’t argue or agree with distortions.
- Let them know of consequences... “I’ll call the police if you don’t sit down and stop yelling... I can’t help you if you don’t calm down.”
- Avoid invasion of “personal space;” keep a safe distance of 3-6 feet; place barriers between you and the subject.
- Treat people with respect regardless of their behavior and avoid being judgmental.
- Do not make promises that you cannot fulfill.
- If the person has an appeal to a higher authority, then so inform them.
- Report all behaviors to appropriate authorities or UMPD at “9-1-1.”

If the behavior reaches the point of violence then:
- Remain calm. Dealing with the person calmly and confidently will help reduce further communication problems.
- Call “9-1-1.” If you cannot call yourself, have someone else call for you.
- Do not try to physically force a person to leave.
- Do not touch the person.
- If violent behavior is occurring, escape, hide if not already seen, or cover up.
- Position yourself, if possible, so that an exit route is readily accessible.
- Never attempt to disarm or accept a weapon from the person in question.
- Don’t argue, threaten, or block their exit.

Any member of the university community, contractor, or visitor can report a violation and seek assistance. In addition, employees in positions of authority (including deans, directors, chairs, supervisors, faculty, graduate student instructors, coaches or others who oversee employees or students) have an obligation to contact the appropriate resources if they see or are informed of violence or threats of violence. Resources include:

- The U-M Division of Public Safety and Security provides consultation and preventive services as well as an immediate law enforcement response.
- The Office of Student Conflict Resolution (OSCR) manages the community’s response to allegations of Statement of Student Rights and Responsibilities violations. Any member of the Michigan community may submit a request for services. OSCR will provide information, assistance and support to all community members involved in the complaint process.
- Academic and Staff HR Services addresses violence, or threats of violence, that involves a faculty or staff member. Members of the university community, contractors and visitors concerned about such violence should report the appropriate manager and/or to Academic and Staff HR Services. Supervisors receiving such reports should contact Academic and Staff HR Services.

Seeking Confidential Counseling

Faculty and staff may contact the Faculty and Staff Assistance Program (FASAP) for any personal concerns related to violence or aggressive behavior.

Students may seek services from Student Life Counseling and Psychological Services (CAPS).

Faculty, staff and students may contact the Sexual Assault and Prevention Awareness Program (SAPAC) in cases of sexual assault, domestic or dating violence or stalking.
Safety and Risk Reduction Techniques

The following prevention tips are offered to help insure personal safety and the safety of one’s belongings.

ACTIVE ATTACKER RESPONSE

Call 911

RUN – if there is an accessible escape path, use it
- Move away from the threat as quickly as possible
- Evacuate regardless if others agree
- Leave your belongings behind

HIDE – if evacuation is not possible, find a secure place to hide and barricade your space
- Lock and secure doors
- Create barriers to prevent or slow down the threat from getting to you
- Remain out of sight and quiet – silence your phone

FIGHT – as a last resort – and only when your life is in imminent danger – attempt to disrupt and/or incapacitate the active attacker
- Incorporate a distraction – throw items and yell loudly
- Commit to your actions – be aggressive and use improvised weapons
- Disarm the attacker – solicit help, there is strength in numbers

AUTOMATED TELLER MACHINE (ATM) SAFETY

ATMs are conveniently located all around Ann Arbor and some areas of the campus. You can help to protect yourself and your property by following these easy tips:
- Choose a well-lit ATM and have someone with you when using the machine at night.
- Be ready. Have your card handy, but not necessarily in plain view.
- Stand directly in front of the machine so that no one can see you enter your Personal Identification Number (PIN).
- Cancel your transaction and return later if anything seems suspicious.
- Pocket your cash immediately and count it later.
- If you lose your ATM card, report it immediately to your financial institution.

BICYCLE SAFETY

To cycle safely, remember to:
- Ride with the traffic or use bike paths whenever possible.
- Follow same driving laws as motor vehicles.
- Use reflectors, reflective tape, or other similar devices on bikes or on your clothing.
- Lights are required at night.

Bicycles are attractive targets for thieves and vandals. The following simple but effective tips can make your bike a less attractive target for crime:
- Lock it up: Use a heavy-duty bike lock (a U-bar lock is recommended).
- Lock your bike to a bike rack, preferably in a public place.
- For your own personal use, record the identifying characteristics and the serial number of your bike, and keep the information in a safe place. Register your bicycle with the U-M DPSS (www.dpss.umich.edu).

COMPUTER AND IDENTITY INFORMATION SAFETY

Protect your computer and mobile devices:
- Register your electronics with the U-M DPSS (www.dpss.umich.edu) to deter theft and assist in tracking lost or stolen devices.
- Use a password or PIN to lock portable devices.
- Never leave them unattended. They are very easy to steal.

Protect yourself and your information online:
- Use up-to-date anti-virus and anti-spyware software available at no cost to the U-M community at www.safecomputing.umich.edu/antivirus.
- Use passwords wisely.
- Never use your U-MICH Kerberos password (the one you use for Wolverine Access) for non-U-M accounts.
- Use a different strong password for each online account.
- Never share your password with others.
- Never use another person’s password.
- Be wary of peer-to-peer file sharing, which can open your computer to infection. It also can make you vulnerable to costly legal problems. Find out more at www.safecomputing.umich.edu/copyright.
- Never respond to an e-mail request for private personal information such as your social security number, password, or credit card number; no legitimate company will request information in this way.
- Lock your screen or log out before you walk away from any publicly accessible computer.
- Call the U-M DPSS at (734) 763-1131 immediately if you receive a threatening e-mail or if your device is stolen.
- For more tips and information, see www.safecomputing.umich.edu

DRIVING AND VEHICLE SAFETY

Effective safety tips include:
- Have your keys in hand before you reach your vehicle.
- Check the interior of your vehicle before entering it.
- If you have a flat tire in a questionable area, drive on it until you reach a safe, well-lit area.
- When parking your vehicle at night, select a spot that is well lit.
- Always keep car doors locked.

FIRE SAFETY

- If you see smoke or fire, activate the fire alarm and call 911 from a safe location.
- Familiarize yourself with locations of fire alarm pull stations, fire extinguishers, stairways and emergency exits in your building(s). Always identify two means of egress from your location.
- If the building’s fire alarm sounds, immediately evacuate via the nearest exit, encouraging those around you to evacuate as well.
- Fire alarm activations require “full” evacuation of all affected buildings.
- Evacuate through the nearest available exit.
- Use stairs, not elevators.
- Assist those with disabilities or special needs.
- Stay clear of building exits and fire lanes.
- Meet at designated assembly areas.
- Re-enter only when directed by authorities.

HOME SAFETY

University Residence Halls:
- Make a habit of keeping your doors locked. Lock your room door when sleeping, when leaving a roommate asleep inside, and when leaving your room.
- Do not leave valuables in open view. Take valuables home during vacation.
- Never prop open doors to residence halls.
- Do not allow door to door salespeople to enter your room. Report them to the U-M DPSS.
- Require identification and authorization from maintenance staff requesting access to your room.
- Report to the residence hall staff all doors, locks, and windows that are in need of repair.
- Be suspicious of unknown persons loitering or checking doors in your hall and call the U-M DPSS to report them.
- Backpacks, purses, book bags, etc., never should be left unattended.

If you live in the City of Ann Arbor:
- The Ann Arbor Police Department provides Operation Identification. This program allows residents to borrow an engraving tool to mark their valuables.
- The Ann Arbor Police Department coordinates a Neighborhood Watch Program which encompasses the entire city of Ann Arbor. It is recommended that residents know the name of their neighborhood Block Captain.
OBSCENE PHONE CALLS
- Make a police report. Traps can be put on your phone after a police report has been made.
- Change your phone number.
- If they leave an obscene message on your phone answering machine, save the tape so the police can make a copy.
- Tell the caller that the police have been notified and that a tracer is on your phone.

OFFICE, CLASS-ROOM, OR LABORATORY SAFETY
- Avoid working or studying alone in a building at night. If you must work late, let somebody you trust know where you are and when you will be done.
- Avoid using stairs in remote sections of a building.
- Keep your purse in a locked cabinet or drawer. Never leave it in, on top of, or underneath a desk.
- While in class, the library, or the lab, keep personal belongings in view.

OUTDOOR SAFETY
- Learn the locations of all campus blue light emergency phones.
- Take advantage of nighttime transportation services – see page 20.
- Walk on designated walkways that are well lit and well traveled.
- Walk confidently and assertively. Be alert and aware of your surroundings.
- Purses should be carried close to the body and secured under one arm. Backpacks should be carried over one shoulder and secured with one arm.
- Do not run or jog alone, especially at night.
- Do not ever hitchhike.
- Avoid shortcuts through parks, vacant lots, and other deserted places.
- If you are followed by someone in a car, turn around and walk in the opposite direction.

ROBBERY
The most important thing you can do during a robbery is to prevent, if possible, any violence. Always assume that the robber is armed, even if you can’t see a weapon, and act accordingly:
- Get it over with quickly. If you try to stall, the robber may be more prone to violence.
- Do what the robber asks, but don’t volunteer to do anything more.
- Don’t fight or try any impulsive heroics; the risk is great if the robber is armed.
- Don’t chase the robber.
- Call 9-1-1 immediately.

STALKING
- Report all incidents to police.
- Explain how you were frightened, terrorized, distressed, or threatened.
- Call SAPAC (734) 936-3333 for support and assistance.
- See the “Stalking Laws” on page 32 of this book.
- Tell friends and family what is happening.
- Keep a log of stalker contacts or incidents.
- Consider the option of a personal protection order.

SUSPICIOUS ACTIVITY
Since safety is everyone’s responsibility, it is important for people to be aware of types of behavior and actions which may signal criminal activities. In the University setting, these may include:
- A person who seems to be wandering in the hallways or lurking about the building.
- Any unusual or suspicious noise that you can’t explain, such as breaking glass or pounding.
- Vehicles moving slowly without lights or to no apparent destination.
- A stranger sitting in a vehicle for an extended period of time for no apparent reason.
- A person hanging around residence hall windows or parking lots.
- Persons removing property from a building late at night.

Remember, if you are in doubt, contact the police. They will be able to assist you in determining whether or not there is cause for alarm and if it is necessary to respond.

The U-M DPSS staff suggest the following approach to reporting suspicious activity on campus.
- Remain calm. Keep away from the suspicious person(s) or activity. Call 9-1-1 or pick up a campus blue light emergency phone or a carport phone.
- Tell the police whether the crime is in progress or has already been committed. If you see a crime in progress, report it IMMEDIATELY.

CRIME PREVENTION
If you have any questions regarding campus safety or crime prevention, please call the U-M DPSS at (734) 763-8391.
Buildings and property labeled on this map, except public parking structures, are considered as “on campus” property for Clery-reporting purposes. See page 6 for Clery geography explanations.
U-M Policy and Procedures on Student Sexual and Gender-based Misconduct and Other Forms of Interpersonal Violence

In 2015-16, the University revised the existing Student Sexual Misconduct Policy. The new policy and procedures have been renamed U-M Policy and Procedures on Student Sexual and Gender-based Misconduct and Other Forms of Interpersonal Violence and took effect July 1, 2016. It is intended to address how the University will respond to allegations of specific misconduct and violence as well as rights, options and resources for those individuals who wish to report incidents and those who are accused. Some highlights of the new policy and procedures are below. Resource options can be found earlier in this Report on pages 13-17. The full policy and procedures can be accessed at https://studentsexualmisconductpolicy.umich.edu

POLICY STATEMENT

The University prohibits Sexual Assault, Sexual and Gender-Based Harassment, Intimate Partner Violence, Stalking, Retaliation, and Violation of Interim Measures (collectively Prohibited Conduct). Prohibited Conduct is expressly forbidden and will not be tolerated at the University. It may also violate federal and state law.

The University adopts this Policy and Procedures on Student Sexual and Gender-Based Misconduct and Other Forms of Interpersonal Violence with a commitment to: (1) eliminating, preventing, and addressing the effects of Prohibited Conduct; (2) fostering an environment where all individuals are well-informed and supported in reporting Prohibited Conduct; (3) providing a fair and impartial process for all parties; and (4) identifying the standards by which violations of this Policy will be evaluated and disciplinary action may be imposed. University students who violate this Policy may face disciplinary action up to and including expulsion.

The Policy and Procedures sets forth how the University will proceed once it is made aware of possible Prohibited Conduct in keeping with our institutional values and to meet our legal obligations under Title IX of the Education Amendments of 1972 (“Title IX”); the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (“Clery Act”), as amended by the Violence Against Women Reauthorization Act of 2013 (“VAWA”); and other applicable law.

TO WHOM THIS POLICY AND PROCEDURES APPLY

The Policy and Procedures apply to a University student or to a participant in any University-related program or activity. For purposes of this Policy, the individual who is reported to have experienced Prohibited Conduct, regardless of whether that individual makes a report or participates in the review of that report by the University, and regardless of whether that individual is a University student, is referred to as the Claimant. The individual who is reported to have engaged in Prohibited Conduct is referred to as the Respondent.

The University has jurisdiction over a Respondent whenever the Prohibited Conduct occurs:

• On campus, including the University of Michigan Health System; or

• Off campus, including online or electronic conduct, if the conduct occurs:
  ■ In connection with a University-related program or activity, including University-sponsored study abroad, research or internship programs;
  ■ In a manner that may pose a serious threat of harm to any member(s) of the University community; or
  ■ In a manner that may have the effect of creating a hostile environment for any member(s) of the University community.

The specific procedures for reporting, investigating, and resolving Prohibited Conduct are based upon the nature of the Respondent’s relationship to the University (student, employee, or Third Party). Where the Respondent is a student, the procedures for responding to reports of Prohibited Conduct committed by students are detailed.

The University wants every student who may have experienced harm to get the support and information they need, regardless of whether they would like to move forward with a report of potential policy violations or criminal conduct to campus officials or to police.

SUPPORTIVE AND PROTECTIVE MEASURES (ALSO KNOWN COLLECTIVELY AS INTERIM MEASURES)

Supportive and Protective Measures (collectively Interim Measures) are those services, accommodations, and other assistance the University puts in place after receiving notice of Prohibited Conduct, but before any final outcomes (investigatory, disciplinary, or remedial) have been determined.

The University will implement reasonably available Interim Measures to protect a Claimant and facilitate the Claimant’s continued access to University employment or educational programs and activities. Interim Measures may be both Supportive and Protective Measures.

Supportive Measures are measures typically implemented for Claimants and are designed to address a Claimant’s safety, well-being, and continued access to educational opportunities. Supportive Measures are available regardless of whether the person who requests a measure makes a report to the University or to law enforcement; whether the person participates in any investigation; or whether the University or law enforcement investigates a report that has been submitted. The University may also implement Supportive Measures for Respondents, witnesses, and other members of the University community. Supportive Measures are voluntary and may be modified or discontinued at any time at the request of the individual.

Supportive Measures may include:

• Academic support services and accommodations, including the ability to reschedule exams and assignments, transfer course sections, or withdraw from courses without penalty;
Implementation of Supportive or Protective Measures should not initiation of an investigation. Protective Measures may also be appropriate for witnesses and be taken to suggest that the University has made any decision about the merits of the report.

Sexual Assault is touching of a sexual nature, including: oral-genital contact, anal intercourse, or vaginal intercourse; anal, oral or vaginal penetration with an object; or other Sexual Contact that occurs without Consent.

UNIVERSITY RESOLUTION
The University uses two processes to resolve reports of Prohibited Conduct under this Policy: (1) Formal Resolution, which involves an investigation and, if applicable, an appeal and sanctions, and (2) Alternative Resolution, which includes informal or restorative options for resolving reports of Prohibited Conduct.

The period from commencement of an investigation, which begins with the notice of an investigation to the Respondent, through resolution (finding and sanction, if any) typically should not exceed sixty (60) calendar days. This time frame may be extended for good cause.

Best efforts will be made to complete the process in a timely manner by balancing principles of thoroughness, fairness, and promptness.

SANCTIONS
The Office of Student Conflict Resolution will facilitate the sanctioning process outlined in this Policy upon receipt of the Investigative Report.

The list of potential sanctions or interventions includes one or more of the following:
- Restitution
- Restriction from Employment at the University
- Class/Workshop/Training/Program Attendance
- Educational Project
- University Housing Transfer or Removal
- Removal from Specific Courses or Activities
- No Contact
- Suspension
- Expulsion
- Transcript notation, hold, and/or notification to other institutions

Student-employees who are reported to have engaged in Prohibited Conduct in their employment capacity will continue to be subject to review under the University’s Sexual Harassment Policy (SPG 201.89-0) rather than under this Policy.

The Office for Student Conflict Resolution will provide the written notice of the sanction to the Claimant and Respondent simultaneously.

APEALS OF FINDINGS OR SANCTIONS
Both a Claimant and Respondent may appeal the Investigator’s finding or may appeal the sanctions determined by the Sanctioning Board. The appeal will be conducted in an impartial manner and equivalent rights will be provided to both parties throughout the process.

To appeal the finding or the sanctions, a party must submit a written request to Office of Student Conflict Resolution within seven (7) calendar days of the date of the notice of outcome or sanctions, whichever is relevant.
Sexual Harassment by Faculty or Staff

The University policy against sexual harassment by faculty or staff and the procedures to follow when filing a complaint of such activity may be found in the University’s Standard Practice Guide (SPG) 201.89. The complete SPG can be found at www.spg.umich.edu.

Corrective action could include a requirement not to repeat or continue the harassing or retaliatory conduct, a reprimand, denial of a merit pay increase, reassignment, suspension and termination.

University of Michigan Alcohol and Other Drugs (AOD) Policy for Students, Faculty and Staff

Below are excerpts from the revised policy (August 2016). The complete policy can be found at www.alcohol-drug-policy.umich.edu.

Introduction

The University of Michigan-Ann Arbor is committed to providing a safe, healthy learning community for all its members. The University recognizes that the improper and excessive use of alcohol and other drugs may interfere with the University’s mission by negatively affecting the health and safety of students, faculty and staff. Problems such as vandalism, assault, harassment, sexual misconduct, and disruption of sleep and study space increase in relation to misuse. It is due to the harm caused by excessive and illegal use that the University has a vested interest in establishing policies to prohibit unlawful behavior and sanctions to address policy violations by members of the U-M community.

Under the Drug-Free Workplace Act and the Drug-Free Schools and Communities Act, the University is required to have an alcohol and other drug policy and distribute this policy annually to all employees and students. This Policy must outline the University’s prevention, education and intervention efforts, and consequences that may be applied by both the University and external authorities for policy violations. The law also requires that individuals be notified of possible health risks associated with the use and abuse of alcohol and other drugs, and sources of assistance for problems that may arise as a result of use.

U-M Alcohol and Other Drugs Policy

All members of the campus community also are governed by laws, regulations and ordinances established by the state and local municipalities, and will be held accountable by law enforcement representatives of those entities for any illegal activity. It is the responsibility of all campus members to be aware of these laws.

Michigan law prohibits the dispensing, selling or supplying of drugs or alcoholic beverages to a person under 21 years old. Employees, students, faculty and campus visitors may not unlawfully manufacture, consume, possess, sell, distribute, transfer or be under the influence of alcohol, illicit drugs or controlled substances on University property, while driving a University vehicle or while otherwise engaged in University business. The only exception to this Policy is that individuals of legal age may consume alcohol on University property in a manner consistent with University policy and state of Michigan law. University property, as defined in this Policy, includes all buildings and land owned, leased, or used by the University, and motor vehicles operated by employees, including personal motor vehicles, when used in connection with work performed for or on behalf of the University. The University prohibits the storage of consumable alcohol on University property except (a) as specifically allowed in licensed locations or (b) in private residences if the storage of consumable alcohol is expressly permitted by the building use rules applicable for the location of the residence.

If alcohol is to be served at any event/meeting outside one of the licensed facilities on campus (Michigan League, Michigan Union, Pierpont Commons, Oxford Conference Center, Business Executive Residence, and Inglis House), the General Counsel’s frequently asked questions web page should be referenced for proper handling: http://www.ogc.umich.edu/faq_alcohol.html

Any person taking prescription drugs or over-the-counter medication is personally responsible for ensuring that while taking such drugs or medications, they are not a safety risk to themselves and others while on University property, while driving a University or privately owned vehicle, or while otherwise engaged in University business. It is illegal to misuse prescription medication, i.e. continue to use medication when the prescription is no longer valid, use prescribed drugs contrary to the prescription, and give or sell prescribed drugs to another person. Misusing prescription drugs can result in conviction with jail time.

The University of Michigan is a smoke-free campus. Electronic cigarettes, e-cigarettes, electronic nicotine delivery systems or any other lit smoking device (a) are expressly prohibited on the premises of the U-M Health System, University of Michigan Dental School and the University Health Service and in the seated locations of Michigan Stadium and (b) are prohibited in University Housing facilities as set forth in the Community Living at Michigan guidelines. Please refer to http://www.hr.umich.edu/smokefree/ for more information.

U-M Alcohol and Other Drug Prevention Strategies

The University of Michigan uses evidenced-based strategic interventions, collaboration, innovation and the incorporation of the wellness dimensions to reduce harmful consequences of alcohol and other drug use.

- Providing education and awareness activities.
- Offering substance-free social, extracurricular, and public service options.
- Creating a health-promoting normative environment.
- Restricting the marketing and promotion of alcohol and other drugs.
- Limiting availability of alcohol and other drugs.
- Developing and enforcing campus policies and enforcing laws to address high-risk and illegal alcohol and other drug use.
- Providing early intervention and referral for treatment.

Parent-Family Communication Program

The Family Education Rights and Privacy Act (FERPA) governs the release of and access to student education records. Section 952 of the 1998 Amendments to the Higher Education Act of 1965 clarified that institutions of higher education are allowed (but not required) to notify parents if a student under the age of 21 at the time of notification commits a disciplinary violation involving alcohol or a controlled substance.

Because of the health and safety risk inherent in alcohol and other drug misuse, U-M notifies parents/family members of first-year students under the age of 21:

- If a student has committed an AOD violation accompanied by other serious behavior such as needing medical attention, significant property damage or driving under the influence.
- If a student has had an AOD incident that resulted in a
transport to the hospital or jail.

• If a student has had more than one AOD-related violation of the University of Michigan Alcohol and Other Drug Policy.

Please refer to https://www.umsanctions.umich.edu/parent-communication for more information.

For more detailed information on all the U-M alcohol and other drug prevention strategies contact the Director of Wolverine Wellness at 734-615-7694.

University Sanctions — U-M Ann Arbor Campus

The use or abuse of alcohol and other drugs also increases the risks for behavioral and social problems such as negative effects on academic work performance; conflicts with co-workers, classmates, family, friends and others; conduct problems resulting in disciplinary action, including loss of employment or dismissal from an academic program; and legal problems resulting in ticketing, fines and imprisonment.

The laws of the state of Michigan and University of Michigan’s policies prohibit the consumption or possession for personal use of alcoholic beverages by persons under the age of 21 years and purchase of tobacco products under the age of 18. Further, Michigan laws and University policies prohibit the sale, service or giving of alcoholic beverages to persons under the age of 21. University of Michigan’s policies, local ordinances and laws, state laws and federal laws also prohibit the unlawful possession, use and/or distribution of illicit drugs and alcohol.

Violation of University policies will be subject to campus disciplinary review and action, as follows:

• **Students:** The University community has established expectations for nonacademic student conduct under the Statement of Student Rights and Responsibilities (The Statement). The Statement specifically addresses the illicit use of alcohol and other drugs as follows:

  The following behaviors contradict the values of the University community and are subject to action under this Statement:

  o Illegally possessing or using alcohol
  o Illegally distributing, manufacturing, or selling alcohol
  o Illegally possessing or using drugs
  o Illegally distributing, manufacturing, or selling drugs

  The Statement is administered by the Office of Student Conflict Resolution (OSCR). OSCR is charged with facilitating the resolution process used to determine responsibility. OSCR staff work with parties to determine appropriate educational measures and sanctions. These measures cover a wide range of educational assignments and obligations, including but not limited to suspension and expulsion from the institution. OSCR may delegate portions of the Conduct Process to other units of the University who have a vested interest in the conduct of smaller student communities (e.g. University Housing, Athletic Department).

  Academic units of the University also may have written policies concerning management of alcohol use and their response to the illicit use of alcohol and other drugs in the academic setting. Students are expected to know and understand these additional policies and abide by them.

  • **Student Organizations:** Policy violations by recognized student organizations of the Student Organization Code of Conduct, which includes the Alcohol and Other Drug Policy, will be handled through the Student Organization Advancement and Recognition (SOAR) process. This process is administered through the Center for Campus Involvement. Specific violations of the Interfraternity Council (IFC), Multicultural Greek Council (MGC), National Pan-Hellenic Council (NPHC), or Panhellenic Association (Panhel) by-laws by an affiliated fraternity or sorority will be heard through the Greek Activities Review Panel (GARP).

  • Staff and Faculty: Sanctions for violations by faculty and staff are governed by policies within individual departments and any applicable guidelines set by University regulations (Regents’ Bylaw 5.09, Standard Practice Guide 201.12), appropriate collective bargaining agreements, and other applicable policies or procedures. Appropriate sanctions may include: verbal or written warnings, a mandated rehabilitation program, probation, suspension, and termination. In each case, there are likely to be different circumstances that are relevant for understanding the situation and determining the appropriate sanction.

External Sanctions

Violations of laws and ordinances may result in misdemeanor or felony convictions accompanied by the imposition of legal sanctions, which include, but are not limited to, the following:

• Fines as determined under local, state, or federal laws;
• Imprisonment, including up to life imprisonment, for possession or trafficking in drugs such as heroin, cocaine, marijuana and prescription drugs;
• Forfeiture of personal and real property;
• Denial of federal benefits such as grants, contracts and student loans;
• Loss of driving privileges;
• Required attendance at substance abuse education or treatment programs.

A full description of federal sanctions for drug felonies can be found at: http://www.justice.gov/dea/druginfo/ftp3.shtml. This section is not intended as legal advice; consult with an attorney regarding your specific legal issues. For more information, please contact Student Legal Services at 734-763-9920 or visit http://studentlegalservices.umich.edu/ for more information.

Additional sections of the Policy (www.alcohol-drug-policy.umich.edu) include:

• Health risks
• Counseling and treatment programs
• U-M AOD Policy and student organizations
• Employee reporting requirement
• Alcohol marketing standards
• Distribution of policy
• Review of University prevention program and policy
Statement of Student Rights and Responsibilities

The current Statement of Student Rights and Responsibilities became effective July 1, 2016. It outlines 20 violations of University values. The complete Statement can be found at https://oscr.umich.edu/statement

I. Introduction

The University of Michigan-Ann Arbor (the university) is dedicated to supporting and maintaining a scholarly community. As its central purpose, this community promotes intellectual inquiry through vigorous discourse. Values which undergird this purpose include civility, dignity, diversity, education, equality, freedom, honesty, and safety.

When students choose to accept admission to the university, they accept the rights and responsibilities of membership in the university's academic and social community. As members of the university community, students are expected to uphold its previously stated values by maintaining a high standard of conduct. Because the university establishes high standards for membership, its standards of conduct, while falling within the limits of the law, may exceed federal, state, or local requirements.

Within the university, entities (such as schools and colleges; campus, professional, and student organizations) have developed policies that outline standards of conduct governing their constituents and that sometimes provide procedures for sanctioning violations of those standards. This Statement of Student Rights and Responsibilities (the Statement) does not replace those standards; nor does it constrain the procedures or sanctions provided by those policies. This Statement describes possible behaviors which are inconsistent with the values of the university community; it outlines procedures to respond to such behaviors; and it suggests possible sanctions/interventions which are intended to educate and to safeguard members of the university community.

The remaining sections of the Statement include:

J. Amending the Statement of Student Rights and Responsibilities

Access Control

Residence halls are secured 24 hours a day; all other campus facilities have scheduled open hours which may vary at different times of the year. Open hours are developed by the school, college or department responsible for the facility. Notifications of changes in these hours of operation must be forwarded to the U-M DPSS by the person identified as being responsible for the building.

During scheduled business hours, public areas of the university are open to students, parents, employees, contractors, guests and invitees. During non-business hours, access is permissible by authorized persons possessing university identification and legally issued keys or access cards. Persons not in possession of a key or access card will not be allowed to remain unless accompanied by an authorized person or written authorization from the appropriate dean, director, or department head.

Keys and/or access-control cards are issued to individuals to allow them to gain general access to their assigned areas. To safeguard and protect the community, keys and access-control cards should be kept on your person at all times or secured in a locked container, drawer, etc. Never lend them out, and check them daily to assure none are missing. Never duplicate a key. Failure to follow these guidelines places the community at risk.

Residence Hall Access Control

University Housing is a residential community safeguarded, in part, by an access-control system that restricts entry to the buildings and assigned space. Building residents and staff working in each hall as well as others with required access, such as a class or program, will have applicable access via their student IDs. Visitors may request access via a callbox at each main entrance. The following provides an overview of protocols, guidelines and understandings related to access control.

Housing staff requiring infrequent and non-recurring access may contact the Building Facilities Manager, Housing Security or Northwood Apartments (for apartments and rental properties only) to provide entry to building rooms and selected areas. Housing staff requiring frequent and/or recurring access to a building may request assigned keys or an access-control card for those rooms or areas. This may relate to: (1) a permanent requirement; or (2) a temporary requirement for projects and special assignments. In such cases, arrangements can be made through Housing Security for keys/rings, and unit management is responsible for assuring that they are handled according to the guidelines and protocols outlined herein.

Non-Housing staff requiring infrequent and non-recurring access may contact the Building Facilities Manager, Housing Security or Northwood Apartments (for apartments and rental properties only) to provide entry to rooms and selected areas. Non-Housing staff requiring frequent and/or recurring access to a building (varying from high frequency for a short period of time, such as once per day for five days, to relatively low frequency for a long period of time, such as once a week for several months) may request keys or an access-control card for those rooms and areas. Examples include members of other university departments (such as Plant Operations and ITS), contractors working on a project, and blanket-order service vendors. The vendor or contractor will be accompanied by a security officer or other regular Housing staff member when accessing occupied student rooms or apartments in residence halls and Northwood Apartments.
Security Considerations in Facility Maintenance

A U-M environmental safety design review committee, including a DPSS representative, meets regularly to develop short- and long-term standards and recommendations for existing buildings, landscaping, maintenance, and similar security issues, as well as new facility design criteria to improve the safety of the campus environment. Grounds crews routinely inspect shrubbery and lighting. Lighting maintenance is a responsibility jointly shared by the university and the city of Ann Arbor. Each light pole bears a number to facilitate immediate reporting of faulty lighting to U-M DPSS.

UNIVERSITY REGULATIONS

The Regents of the university maintain local rules and regulations in an Ordinance to Regulate Parking and Traffic, and to Regulate the Use and Protection of the Buildings and Property of the Regents of the University of Michigan. These regulations include, among other topics, alcohol use and possession, disorderly conduct, fire setting and possession of weapons. The Ordinance is enforced by the U-M Police Department. A person who violates the regulations is guilty of a misdemeanor or a civil infraction, depending on the violation. The complete Ordinance may be found at www.regents.umich.edu/ordinance.

Two sections of the Ordinance – Weapons (Article X) and Fire-setting and False Alarms (Article XII Disorderly Conduct) – are listed below.

Fire Setting and False Alarms

The university prohibits setting "any fire upon university property or university buildings except in approved stoves or grills or as otherwise permitted by university officials by a prior writing." In addition, it is violation of state law to knowingly or willfully commit any or one of the following actions:

- to raise a false alarm of fire at any gathering or any public place; or by telephone or in person,
- to ring any bell or operate any mechanical apparatus, electrical apparatus, or combination thereof, for the purpose of creating a false fire alarm.

Violation of the state law shall be regarded as a misdemeanor and may result in imprisonment for not more than one year and a fine in the amount of $500.00 or less.

In addition, these actions are a violation of the Statement of Student Rights and Responsibilities.

Information about fire safety systems and rules in the residence halls can be viewed at www.housing.umich.edu/fire-safety

Weapons

The university prohibits the possession or discharge of any firearm or other dangerous weapon as defined under Michigan law, regardless of whether the individual has a concealed weapons permit. In addition, any knife, sword or machete having a blade longer than four inches is prohibited. In the case of a knife with a mechanism to lock the blade in place when open, longer than three inches is also prohibited. This prohibition includes all of the Ann Arbor campus.

Exceptions to this Ordinance include:

- University employees who are authorized to possess and/or use such a device pursuant to Standard Practice Guide 201.94;
- Law enforcement officers or legally established law enforcement agencies;
- When someone possesses or uses such a device as part of a military or similar uniform or costume in connection with a public ceremony or parade or theatrical performance;
- When someone possesses or uses such a device in connection with a regularly scheduled educational, recreational or training program authorized by the university;
- When someone possesses or uses such a device for recreational hunting on property which has been designated for such activity by the university provided such possession and use is in strict compliance with applicable law; or
- A written waiver is obtained from the Police Chief of the University’s Police Department based on extraordinary circumstances. Any such waiver may include certain restrictions when the Director determines that such restrictions are appropriate under the circumstances.

A person who violates the Ordinance is guilty of a misdemeanor, and upon conviction, punishable by imprisonment for not less than ten days and no more than 60 days, or by fine of not more than $50, or both.

STATE LAWS

State of Michigan laws can be found in the Michigan Compiled Laws (MCL) and viewed at www.legislature.mi.gov

The following excerpts can be compared with the federal definitions on page 10:

Sexual Assault – Criminal Sexual Conduct – MCL - § 750.520

“Sexual contact” includes the intentional touching of the victim’s or actor’s intimate parts or the intentional touching of the clothing covering the immediate area of the victim’s or actor’s intimate parts, if that intentional touching can reasonably be construed as being for the purpose of sexual arousal or gratification, done for a sexual purpose, or in a sexual manner for:

- Revenge.
- To inflict humiliation.
- Out of anger.

“Sexual penetration” means sexual intercourse, cunnilingus, fellatio, anal intercourse, or any other intrusion, however slight, of any part of a person's body or of any object into the genital or anal openings of another person’s body, but emission of semen is not required.

- First Degree – MCL § 750.520b: felony punishable by imprisonment for life.
- Second Degree – MCL § 750.520c: felony punishable by imprisonment for not more than 15 years.
- Third Degree – MCL § 750.520d: felony punishable by imprisonment for not more than 15 years.
- Fourth Degree – MCL § 750.520e: misdemeanor punishable by imprisonment for not more than two years and/or $500 fine.
 Consent

In Michigan, consent is not an element of criminal sexual conduct that prosecutors are required to disprove beyond a reasonable doubt. Rather, consent is an affirmative defense available for defendants who are charged with committing criminal sexual conduct under some of the provided-for circumstances. For example, consent may be used to negate the elements of ‘force or coercion’ under MCL 750.520b(1)(d)(ii); however, it is not available for criminal sexual conduct occurring “under circumstances involving the commission of any other felony” as provided in MCL 750.520b(1)(c). Michigan’s standard criminal jury instructions state that:

(a) person consents to a sexual act by agreeing to it freely and willingly, without being forced or coerced. It is not necessary to show that the complainant resisted the defendant to prove that this crime was committed. Nor is it necessary to show that the complainant did anything to lessen the damage to him/herself.

Therefore, consent is likely to be defined as a free and willing agreement to engage in a sexual act, provided without force or coercion, between individuals who are of sufficient age and are not mentally incapable, mentally disabled, mentally incapacitated or physically helpless.

Domestic Violence (includes dating violence) – MCL & 750.81

Domestic Violence = assault or assault and battery of:
• spouse or former spouse,
• an individual whom he or she has or has had a dating relationship,
• an individual with whom he or she has had a child in common, or
• a resident or former resident of his or her household.

“Dating relationship” means frequent, intimate associations primarily characterized by the expectation of affectional involvement. This term does not include a casual relationship or an ordinary fraternization between two individuals in a business or social context. Misdemeanor punishable by jail for not more than 93 days and/or a $500 fine.

Aggravated Domestic Violence is same as above and inflicts serious or aggravated injury. Misdemeanor punishable by imprisonment for not more than one year and/or a $1,000 fine.

Stalking – MCL § 750.411h: A misdemeanor punishable by up to one year in the county jail and $1,000.00 fine. This is defined as two or more separate incidents of non-consenting contact between stalker and victim. The acts must be done willfully, be such as would cause a reasonable person to suffer emotional distress, and to feel terrorized, frightened, intimidated, threatened, harassed, or molested.

Aggravated Stalking: A felony punishable by a sentence of up to five years in prison and/or a $10,000.00 fine. Aggravated Stalking is defined as a violation of a Personal Protection Order, bail, probation condition, or a second offense. Stalking also is a violation of the Statement of Student Rights and Responsibilities.

Sex Offender Registry

In accordance with state laws, the U-M Police Department maintains a list of registered convicted sex offenders who reside on campus.

A non-permanent resident of Michigan who is required to register shall report her or his status within ten days in person to the U-M Police Department, if any of the following occur:
• The individual is or becomes an employee, contractual provider, employee of a contractual provider or volunteer with the University of Michigan and her/his position will require that s/he be present on the campus for 14 or more consecutive days or 30 or more total days in a calendar year.
• The status described above is discontinued.
• The individual is or enrolls as a student with the university or the individual discontinues that enrollment.

If the individual is a permanent resident of Michigan, s/he shall report her or his status in person at the local law enforcement agency having jurisdiction where her or his new residence is located. If the individual resides on campus (student residence halls and family housing units), then s/he must report her/his status to UMPD. Persons residing on university property outside of the Ann Arbor campus will be directed to the local police agency that has overall jurisdiction.

The Sex Offender list is available for public view at the UMPD (1239 Kipke Dr.). In addition, the public can access the State of Michigan Public Sex Offender Registry file via the internet at http://www.mipsor.state.mi.us.
SAFETY AND HEALTH-RELATED RESOURCES

U-M Division of Public Safety and Security
109 E. Madison St.
Ann Arbor, MI 48109-2993
734) 763-8391
www.dpss.umich.edu

The Division of Public Safety and Security (DPSS) is responsible for all police and security functions related to the University's Ann Arbor campus, including the University of Michigan Police Department, Michigan Medicine Security, Housing Security, University Security Services, and other campus-wide security functions.

DPSS was created in October 2012 to unify security functions that previously were embedded and reported within different university vice presidential areas. The unification provides a more integrated approach to safety and security, improves efficacy and consistency in incident response protocols and procedures, and builds partnerships that support campus safety across the institution.

DPSS maintains a 9-1-1 Emergency Communications Center to monitor intrusion, robbery, fire, elevator, temperature, and maintenance alarms for university buildings. Appropriate response is determined and necessary action is taken. The Communications Center is operated 24 hours a day, seven days a week. The communications officers monitor radio communications from a variety of university departments as well as other public safety agencies, and dispatch resources as appropriate.

DPSS police officers have full arrest and enforcement authority on campus and in Washtenaw County. Non-sworn DPSS public safety and security officers, including DPSS student employees, have “citizen/private person” arrest and enforcement authority for felonies committed in the employee's presence.

The DPSS Emergency Management assists U-M units with preparing for emergency situations that may impact the campus including planning, coordination and exercises to test readiness.

On a requested basis, DPSS officers make presentations designed to inform students and employees about safety and security procedures and practices that aid in the prevention of crime, with a focus on individual and community responsibility for personal and property security and the security of others. One presentation trains students and employees in active attacker response. Overview safety presentations are made to each session of new student and parent orientations. Contact DPSS to schedule a presentation.

The University of Michigan Police Department (UMPD) is a full service law enforcement agency. Police officers are licensed by the Michigan Commission on Law Enforcement Standards (MCOLES), and have the authority to investigate, search, arrest and use reasonable force as necessary to protect persons and property and to enforce the laws of the state of Michigan and the Ordinance of the Regents of the University of Michigan on property owned or leased by the University of Michigan and throughout Washtenaw County.

University police officers patrol all campus buildings and grounds including campus streets and sidewalks. These patrols are designed to prevent and detect crimes and property loss from crime, fire and floods. Patrols are conducted 24 hours a day, seven days a week. Patrols are performed by officers on foot, in motor vehicles, and on motorcycles and bicycles. Specialized police services provided by officers include: criminal investigations, accident investigations, evidence technicians, mountain bike patrol, motorcycle, tactical team, K9 teams, computer forensics, special victims unit and community outreach team.
The University Police Department has a cooperative relationship and works very closely with the Ann Arbor Police Department and other local, state and federal law enforcement agencies in matters of mutual concern. The Washtenaw County Law Enforcement Mutual Aid Agreement assures that each police agency in Washtenaw County agrees to aid other agencies in need of law enforcement assistance, and is just one example of the cooperation between area police agencies. The university also contracts with other Michigan law enforcement agencies for athletic events and other special events.

UMPD has officers assigned throughout the campus. Officers work together with university community members to reduce the fear of crime and the conditions that contribute to crime, and to increase the community's involvement in resolving these issues. Officers are encouraged to establish and maintain long-term working relationships with community members. Rather than solely reacting to events, officers will take a preventive approach to eliminating problems that cause crime or allow it to occur. Problem Oriented Policing principles are used as a means to attack the conditions that allow or contribute to crime, as well as other elements that detract from quality of life.

Additionally, police officers partner with student organizations to provide safety and legal information, particularly pertaining to reducing harmful alcohol consumption. This outreach has extended off-campus, particularly through the Beyond the Diag program (a program coordinated by the Dean of Students office to provide programming and safety information to students living in nearby, off-campus locations).
